BARNVAGNSMARSCHEN 2018

Barnvagnsmarschen (literal translation: The stroller march) is a yearly manifestation in places all over Sweden, raising awareness about the heartbreaking high number of women all over the world that do not survive their pregnancy. It aims to educate the public on the fact that every day more than 1 000 women are dying from pregnancy-related complications. A number that could be significantly reduced through international efforts such as the right to have an abortion, access to contraception, sexuality education, and educated health providers. Barnvagnsmarschen is arranged by the non-profit organisation Swedish Association for Sexuality Education (RFSU).

A collaboration with 

WA WA WOMB New Print!

- I wanted an artistic expression of what this manifestation is really all about, says Creative Director Linda Sätterström. A woman's right to protect her own body and life. This is why you can probably see a clear resemblance to camouflage prints - It's a fight! Women's lives are so unprotected in many parts of the world and it's just incredibly sad. So I wanted to be a bit provocative in this year's print and include an actual womb, this beautiful and sacred thing. By using these products you can show your support for a very important cause.
