## Nor-Shipping: ChartCo appoints new Area Sales Manager

ChartCo welcomes Marcus Anvell who will be responsible for the Nordic regions and will also be attending the Nor-Shipping 2019 exhibition and conference in Oslo

With a strong background in marine technology, Marcus Anvell has previously handled sales development for the global leader in marine lifecycle solutions, Wartsila Corporation. While maintaining a presence in the Nordics beyond the two current offices in Oslo and Sandnes, Marcus will also be responsible for the sales of digital products, charts, publications, service updates and associated charts business services to customers within the allocated region.

Commenting on his new role, Anvell said, "I have been passionate about shipping and business management throughout my career and I am thrilled to be combining both fields in my new position. ChartCo is a global forerunner in digital navigation so it was a natural path for me to join the company as Area Sales Manager for the Nordics. OneOcean, our powerful integrated digital platform, has been introduced to make life simpler for both mariners at sea and management teams ashore. I will be focusing on maintaining relationships with ChartCo's customers and creating long lasting partnerships. I am very much looking forward to being part of ChartCo's team'."

Commenting on Marcus's appointment, Andy Millar, Head of Sales for ChartCo, said:

"We are very pleased to have Marcus on the team. With the integration of OneOcean and our forthcoming digital operational reporting tool, LogCentral, it is an exciting time; and it's a delight to have such talented people joining the team to help us fulfil our potential as a fast-paced, innovative company."

If you are interested in meeting Marcus at the show, please get in touch with Linda Hamstig from our media team on +44 (0)7471 992816.

ENDS

## About ChartCo

ChartCo is a global leader in digital navigation services and voyage compliance. We provide market-leading solutions that reduce the cost of ship operations, improve situational awareness to owners and crew and assist with the ever-increasing levels of regulatory compliance.

In September 2018, ChartCo launched its revolutionary new platform, OneOcean, which fully integrates the entire suite of ChartCo's navigation, compliance and shoreside monitoring applications – PassageManager, Regs4ships, EnviroManager, Docmap and FleetManager – to provide the highest quality of service in route planning, navigation management, shoreside operations and maritime regulations management.

Today we have more than 13,500 vessels purchasing our products and services each year.

We hold the 2018 SMART4SEA e-Navigation Award in recognition of our accomplishments in facilitating the transition to digital navigation in commercial shipping through our range of software solutions for vessels and shore side operators.
