

Bayern stars top BVB skills shot

Bayern pros Manuel Neuer and Europe's soccer player of the year Franck Ribéry decided to beat BVB and top the truly skilled shot of their Dortmund rivals from 2011. Dortmund players thrilled the Net that year with their "Brückenschuss" video. FC Bayern wanted to go one better. The video became a big hit on the Internet within just a few hours of being published.

Power plant for Saudi Arabia

MAN Diesel & Turbo has received an order from the United Cement Industrial Company to build a power plant in Saudi Arabia. The order is worth tens of millions Euros. Saudi Arabia's demand for cement is set to rise in the medium term, since the country's development plans envisage a variety of construction and infrastructure projects.

106 city buses to Budapest

MAN has received an order for 106 Lion's City buses from the Hungarian transport company Volánbusz Zrt. This is the biggest order for city buses ever to come from that country. The solo buses with their Euro VI engines comply with the strictest European emission standards currently in place and ensure efficient and environmentally-friendly public transport.

Premiere at the Agritechnica

At the Agritechnica trade fair in Hanover MAN presented its new eight-cylinder engine for the first time. The gas engine is based on a base engine in line with the latest technological standards. Its power output has been raised by 40 per cent from that of the predecessor. A new feature for customers is electronic data recording.

Chances of growth

By 2050 the world's population is expected to grow to more than nine billion people. The demand for goods, energy and infrastructure will rise correspondingly. MAN Diesel & Turbo stands to benefit. The company makes, for instance, compressors for the extraction and conveyance of natural gas, which in turn will be burned in power stations to generate energy.
