Operating Indicators for November 2013

SINGAPORE, 27 December 2013 – Singapore Changi Airport handled 4.46 million passenger movements in November 2013, an increase of 2.3% over the same month last year. In the first 11 months of the year, more than 48.6 million passenger movements were registered, a 5.1% increase on-year.

Air traffic movements for the month grew 6.9% to 29,500 flights. Year-to-date aircraft movements totalled 312,800, an increase of 5.8% compared to a year ago.

In the month of November 2013, growth in travel demand was strongest for Indonesia, Japan, and Malaysia among Changi Airport's top 10 markets. Traffic to and from Denpasar (Bali), Kuala Lumpur and Tokyo similarly rose by more than 10% over the corresponding period last year.

Airfreight movements registered a growth of 2.4% on-year, with a total of 161,000 tonnes of cargo handled during the month. Year-to-date, Changi Airport has handled close to 1.7 million tonnes of cargo, a slight increase of 0.9% compared to the same period in 2012.

As at 1 December 2013, more than 100 airlines operate at Changi Airport, connecting Singapore to 275 cities in some 60 countries and territories worldwide. With more than 7,000 weekly scheduled flights, an aircraft takes off or lands at Changi roughly once every 90 seconds.
