

## PRESS RELEASE

### Team Suzuki Repower Finish Fourth in Steinhatchee

*IFA Redfish Tour – Steinhatchee, Florida | March 7<sup>th</sup> 2020*

**ST. PETERSBURG, Florida (March 10 2020)** - Team Suzuki Repower's Captain Travis Yaeckel and his partner Josh Corr topped a talented field of professional tournament anglers to secure a fourth-place finish in the (IFA) Inshore Fishing Association Redfish hosted in Steinhatchee, Florida.

At first light on Saturday March 7th, 115 teams set out from Sea Hag Marina in search of the heaviest pair of slot (18-27") Redfish they could catch using only artificial lures.

Extreme North winds brought cooler temperatures and coupled with a low tide left many areas without water for most of the day.

The team was able to put together a productive plan and depend on previous successes in the area to find and catch quality fish based on the conditions. They went with their instinct and setup in a location they predicted the fish would travel through as the tide came back in.

As hoped, the plan prevailed and they were able to capitalize by catching a good number of fish and ultimately bringing a pair (2) of heavy upper-slot Redfish to the scales.

It was a decision of ounces and the split between the top teams was close. A combined weight of 15.10lbs was good enough for a fourth-place finish with the winners weighing in at 15.45lbs.

The team is looking forward to keeping their momentum going into the next event in May held in Crystal River, Florida where they will qualify for the 2-day Championship in Houma, Louisiana in October and chase down the divisional Team of the Year.

Ends

### **About Yanmar Mastry Engine Center**

Yanmar Mastry Engine Center offers the industry's most innovative and dependable outboard propulsion systems, Suzuki Marine Outboards. Suzuki's dedication to creating the finest 4-stroke engine technology has made them unmatched in marine outboards. The result is the industry's largest and most formidable all-4-stroke lineup - from the mini-might 2.5 horsepower portable right up to the new flagship V6. Add to that, Yanmar Mastry Engine Center has been supporting the marine industry for over half a century, helping boat builders, boat dealers and retail customers find the perfect engine packages designed to best fit their needs and not stretch their budget.

Mastry Suzuki Repower Centers are stationed throughout Florida assisting customers with Suzuki service and propulsion needs. Their highly experienced, factory trained technicians use only genuine Suzuki rigging, parts and controls. All installations are water-tested to be sure the motor(s) are rigged correctly, at the proper height and they are propped perfectly for superior performance. In addition, Mastry offers the option of a financing program that is not linked to your boat title.
