Operating Indicators for November 2018

SINGAPORE, 21 December 2018 – Singapore Changi Airport registered 5.41 million passenger movements in November 2018, a 4.5% year-on-year increase. Aircraft movements grew 2.5% to 31,910 landings and takeoffs, while airfreight throughput remained stable at 189,000 tonnes, compared to the same period last year.

For the month of November, passenger traffic was underpinned by growth across all regions. Traffic to and from South Asia saw double-digit growth, with India (+14%) leading among Changi's top 10 markets. Double-digit growth was also registered for Germany (+30%), the United States (+22%) and New Zealand (+17%).

As at 1 December 2018, more than 100 airlines operate at Changi Airport, connecting Singapore to some 400 cities in about 100 countries and territories worldwide. With more than 7,200 weekly scheduled flights, an aircraft takes off or lands at Changi roughly once every 80 seconds.
