BDS 370

2.1-channel integrated home theatre system featuring a 3-D Blu-ray Disc™ receiver with Dolby® Virtual Speaker and HDMI® inputs

Key Features

- HDMI® v.1.4a with 3-D and Audio Return Channel: Delivers digital video and audio at the highest quality level (up to 1080p)
- Dolby® Virtual Speaker technology: Creates a realistic 5.1-channel surround-sound sensation from two speakers and a subwoofer
- Digital amplifier technology: Delivers high power from a small package that uses less energy and generates less heat
- Two dual-midrange two-way satellite speakers: Maintain consistent sound from speaker to speaker, making moving sounds clearer and more realistic, even at higher volumes
- Compact powered subwoofer: Downward-firing to extend and enhance the bass response
- Extensive connectivity: Three HDMI v.1.4a inputs, three digital audio inputs and two analogue inputs make it easy to connect other audio/video components to your BDS system; there's even a component video connection ideal for game consoles
- The Bridge IIP-compatible with iPod/iPhone: System connects to iPod and iPhone via Harman Kardon The Bridge IIP dock (not included)
- Heavy-duty, gold-plated binding posts: Benefit from ultra-secure speaker connections and compatibility with a variety of speaker wire
- BD-Live™ connection: Connect to your home network, and experience next-generation interactive content through BD-Live™ technology
- DivX Certified® to play DivX® video up to HD 1080p, including premium content
- Playlist function: Automatically recalls your favourite files stored on USB or CD-R discs, with minimal button pushing
- Dot-matrix information display: Delivers status messages and allows you to listen to music on the BDS system – without having to turn on the TV
- Cover-art display function: See album cover and artist info while playing audio files with ID3 tags played from USB devices
- Subwoofer trigger: When user turns system on or off, the subwoofer automatically turns on or off
- Screen-saver function: Prevents image burn-in on CRT and plasma displays
- Detachable IEC power cord: Simplify installation by running the power cord to the installation site before installing the unit
- Upgradable firmware: Get system upgrades via the on-screen display to keep your receiver up to date
- Headphone jack: Enables private listening when you connect stereo headphones directly to the BDS system
- Speaker wall-mount hardware and all cables included
