Aviation Department - Traffic Statistics

JoJo Quayson  
Santiago Grullon  
Jean Debrosse  
Brian Levine

Notes1: The section entitled Air Transport Association Carriers is included to give a comparison between Port Authority Airport traffic growth and aggregate growth as measured by the majority of the U.S. carrier industry.

Note2: The page 2 Access Mode: residents report excludes passengers arriving by hotel courtesy vehicles, helicopters, and the miscellaneous "other" category. The airline OAG summary uses schedules effective for the week in the middle of the month being summarized."Flights (daily) refers to the daily-each-way average flights which can be thought of as 1 directional departing or arriving flights.

# THE PORT AUTHORITY OF NY & NJ DECEMBER 2018 TRAFFIC REPORT

Month		Year-to-date		12 Months Ending	
Current	%	Current	%	Current	%

For the ninth year in a row, the region's overall traffic set an all-time mark as the airports handled 138.8 million passengers, a 4.5 percent gain, or an additional 5.6 million passengers over 2017. Additionally, we served 50.5 million international passengers, breaking the all-time international passenger traffic record set in 2017, and the first time we surpassed 50 million international travelers regionally. The 88.3 million domestic passengers also eclipsed the previous mark set in 2017 by 3.2 million. With a gain of 2.8 percent, cargo grew for the fifth consecutive year, marking the first time it has achieved this feat since a 1987-1997 streak. The domestic sector, which makes up 36 percent of the region's cargo, led growth with a net addition of 37,935 tons, for a growth of 4.7 percent, while the international sector struggled but still showed a gain of 1.7 percent.
